What did exhibitors have to say?

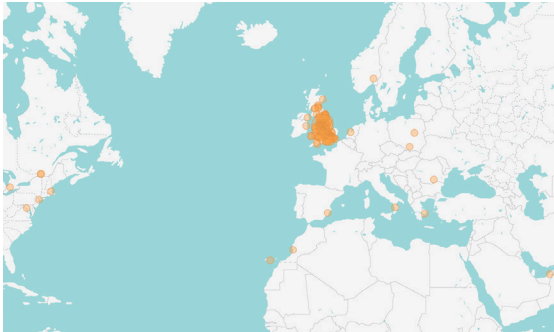

2FLY enjoyed a fantastic day at last Saturday's Pilot Careers Live (PCL) event at the Sheridan Exhibition Centre in Manchester. Throughout the day it was non-stop conversations, from an enthusiastic delegate audience, asking many interesting questions on the subject of professional pilot training, at a time where demand for airline pilots remains high.

I have attended Pilot Careers Live North on many occasions, and Saturday's event was one of the best; easy to find location, spacious venue with great facilities and effective air conditioning! The visitors to our stand were non-stop, from the moment the show opened. Talking about flying is the next best thing to going flying, and that's why I love PCL; spending the day immersed in aviation and sharing the excitement of flying with future pilots is always a day well spent.
