What an incredible day we had in Frankfurt!

Pilot Careers Live Germany smashed all previous records with our biggest ever registrations and footfall. The exhibition floor was buzzing, the seminar rooms were packed, and the feedback we've received from both visitors and exhibitors has been nothing short of fantastic.

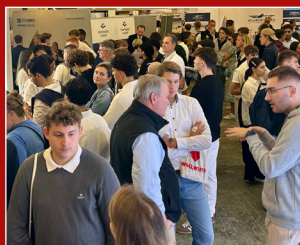

We're so grateful for the energy, effort and enthusiasm you brought to the event. It's this mix of expertise and passion that makes **PCL** such a special experience for the aspiring pilots who attend.

And the good news is... we're not done yet!
There are still a few chances to be part of the 2026 series:

- PCL Ireland – Dublin, 17 October
- PCL UK – London Heathrow, 7 November
- PCL Italy – Milan, 21 November

Stands at these events are already filling fast, so if you're looking to build on the fantastic momentum from Germany, now's the perfect time to secure your space.

We'd love to see you at one (or all!) of these events and keep the success rolling through to the end of the year.

We have successfully departed **Pilot Careers Live** Frankfurt - what a brilliant event! As always, you turned up in absolute droves and fired a barrage of excellent questions at our crew. However, we are not holding short; our next scheduled destinations are Ireland and the United Kingdom! 🇮🇪

It is exactly there that aspiring commercial airline pilots will be able to discover more not only about the Ryanair Future Flyer Academy mentored programme, but above all about its dedicated flight path tailored for individuals with the right to live and work in the UK. Compared to the standard routing, this exclusive UK Scheme offers substantial financial advantages, making your flight training significantly more cost-effective! 🇬🇧

However, you will be thoroughly briefed on all the remaining operational details straight from our crew at our stand. We look forward to welcoming you on board!

Make sure to mark your calendars for:
📅 17th October 2026 at The Convention Centre Dublin
📅 7th November 2026 at the Hotel Sofitel London Heathrow

Pilot Careers Live in Frankfurt

How do you actually become a pilot? What challenges does the path to the cockpit entail and what does everyday working life look like?

At the **Pilot Careers Live** in Frankfurt, there was the opportunity to talk about exactly this: Dominik Maas, pilot and VC expert, gave realistic **#Einblicke** into the pilot profession in his lecture, spoke about the **#Herausforderungen** of everyday work in the cockpit and presented the work of the Vereinigung Cockpit as a professional association.

At our booth, together with representatives of our youth organization "Junge Vereinigung Cockpit", he provided information about flight training, answered questions and they reported on their experiences on the way to the cockpit.

Our young VC is also on Instagram: <https://lnkd.in/eFUXUa-C>

In addition, the **#PCL** provided space for exchange with organizations and colleagues, such as **Elevate(her) Aviation** who are committed to strengthening the visibility of women in aviation.

Cleared for Take-off ✈️

On September 19, I had the opportunity to give our talk "Cleared for Take-off" together with **Hüseyin Y.** at **Pilot Careers Live** Frankfurt, representing **AET Aviation**.

We shared insights into the psychological selection of pilots and how to best prepare for airline and flight school assessments.

The response afterwards was fantastic! We had so many great conversations with aspiring and experienced pilots, exchanged ideas and made new connections – exactly what makes events like this so special.

A big thank you to the organizers for having us – and to everyone who joined us and stopped by our stand afterwards ✈️
